Dr. War: Hello, I'm Dr War it's nice to meet you.

Patient: Hi Dr War I'm really glad you're my doctor, Dr war I've been to a bunch of other doctors and a bunch of other hospitals and some clinics and stuff and uh I just think that maybe they weren't thorough enough like they just need to be really complete in like all their tests and their studies and stuff because I'm going to be complete with all of like my um all my complete medical history of course I'll give you anything that you need like um like what medications I'm on and what um I have like I have high blood pressure probably caused by my high cholesterol I have both and um I also have all I'm allergic to everything like cats and dogs and, and uh trees and everything, cats are the worst though for animals but I think I'm allergic to all animals and I'm allergic to I'm even allergic to dust which is crazy because dust is everywhere um and uh but I have insurance um I know Insurance you probably want to know that too I'll give my insurance card to your nurse because she'll want to see that so she can do all the paperwork but um I have insurance because and thank God because if you don't have insurance it's like impossible to get insurance because especially if you have allergies like me because then you've had them like forever but so also I mean it's not just insurance I do have a job like I work I sell cars um and uh which uh and sometimes I like to help people because I'll give them a good deal on a car if you ever need a good deal on a car I can totally give you a good deal on a car and you're a doctor so you help people too so that's good because I think that's what sort of makes the world go around is like helping people and everything um oh but if you have to put me into a clinic or something or get me in the hospital overnight I can do that too I just have to I just have to get time off from work um which is fine I can totally do that um and have people come I can I can call family and they can bring me my clothes that would be fine um but the getting time off from work should be should be easy um and you work really hard too do you get time off from work.
