Purpose of assessment																	
Background summary																	
Consumer's previous violence/other problem behaviours and the context in which they occurred <small>(note first known violence, and any pattern, increasing frequency or severity of harm, evidence of weapon use and details regarding previous victims, including domestic and family violence)</small>																	
Static/predisposing factors associated with previous violence																	
<p>Consider:</p> <table style="width: 100%; border: none;"> <tr> <td style="vertical-align: top;"> <ul style="list-style-type: none"> • Violence • Pro-violence attitudes • Antisocial behaviour • Relationships • Employment • Problematic substance use • Personality disorder/s </td> <td style="vertical-align: top;"> <ul style="list-style-type: none"> • Other mental disorders (including cognitive impairment, brain injuries, learning disabilities) • Traumatic experiences • Treatment adherence and response to treatment <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer group/influences • School achievement/engagement </td> </tr> </table>		<ul style="list-style-type: none"> • Violence • Pro-violence attitudes • Antisocial behaviour • Relationships • Employment • Problematic substance use • Personality disorder/s 	<ul style="list-style-type: none"> • Other mental disorders (including cognitive impairment, brain injuries, learning disabilities) • Traumatic experiences • Treatment adherence and response to treatment <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer group/influences • School achievement/engagement 														
<ul style="list-style-type: none"> • Violence • Pro-violence attitudes • Antisocial behaviour • Relationships • Employment • Problematic substance use • Personality disorder/s 	<ul style="list-style-type: none"> • Other mental disorders (including cognitive impairment, brain injuries, learning disabilities) • Traumatic experiences • Treatment adherence and response to treatment <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer group/influences • School achievement/engagement

Dynamic factors that precipitated previous violence			
<p>Consider:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; vertical-align: top;"> <ul style="list-style-type: none"> • Insight • Violent ideation • Symptoms of major mental disorder (including cognitive impairment, brain injuries, learning disabilities, and dementia) • Problematic substance use • Treatment adherence and response to treatment </td> <td style="width: 50%; vertical-align: top;"> <ul style="list-style-type: none"> • Living situation • Social situation • Stress/coping • Anger • Impulsivity <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer influence </td> </tr> </table>		<ul style="list-style-type: none"> • Insight • Violent ideation • Symptoms of major mental disorder (including cognitive impairment, brain injuries, learning disabilities, and dementia) • Problematic substance use • Treatment adherence and response to treatment 	<ul style="list-style-type: none"> • Living situation • Social situation • Stress/coping • Anger • Impulsivity <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer influence
<ul style="list-style-type: none"> • Insight • Violent ideation • Symptoms of major mental disorder (including cognitive impairment, brain injuries, learning disabilities, and dementia) • Problematic substance use • Treatment adherence and response to treatment 	<ul style="list-style-type: none"> • Living situation • Social situation • Stress/coping • Anger • Impulsivity <p>Child and youth also consider:</p> <ul style="list-style-type: none"> • Peer influence 		
Dynamic factors that contribute to current and future risk of violence, including foreseeable changes that could quickly increase risk state			
For inpatients, consider specific inpatient dynamic violence risk factors			
<p>Consider:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; vertical-align: top;"> <ul style="list-style-type: none"> • Confused/over-excited behaviour • Irritable/sensitive to provocation </td> <td style="width: 50%; vertical-align: top;"> <ul style="list-style-type: none"> • Physically/verbally threatening/property damage • Impulsivity • Unwilling to follow directions/angered when requests are denied </td> </tr> </table>		<ul style="list-style-type: none"> • Confused/over-excited behaviour • Irritable/sensitive to provocation 	<ul style="list-style-type: none"> • Physically/verbally threatening/property damage • Impulsivity • Unwilling to follow directions/angered when requests are denied
<ul style="list-style-type: none"> • Confused/over-excited behaviour • Irritable/sensitive to provocation 	<ul style="list-style-type: none"> • Physically/verbally threatening/property damage • Impulsivity • Unwilling to follow directions/angered when requests are denied
