<b>Dr Smith:</b>	How did you find out that you could be invisible?
<b>Harry:</b>	They told me.
<b>Dr Smith:</b>	Who are they?
<b>Harry:</b>	The agency.
<b>Dr Smith:</b>	The agency? How did you meet them?
<b>Harry:</b>	You don't meet them. They send me the codes to follow.
<b>Dr Smith:</b>	How did they send you the code?
<b>Harry:</b>	Through the internet. When I'm near a computer, they can transmit the codes to me.
<b>Dr Smith:</b>	Do they control how you think or what you do?
<b>Harry:</b>	No. They just tell me stuff.
<b>Dr Smith:</b>	Do they put thoughts in your head or can you hear them talking, telling you things?
<b>Harry:</b>	No. I just hear them telling me stuff.
<b>Dr Smith:</b>	OK. Can you hear them now?
<b>Harry:</b>	If I want to.
<b>Dr Smith:</b>	Have you ever seen them?
<b>Harry:</b>	No, they go invisible too.
<b>Dr Smith:</b>	And what kind of things do they tell you?
<b>Harry:</b>	Just that I'm special because I can go invisible. And people will try to steal my ability, so I gotta be careful. And then they tell me about my innerverse.
<b>Dr Smith:</b>	Sorry? Your innerverse? What's that?
<b>Harry:</b>	Oh, it's like the opposite of universe. The world inside me.
<b>Dr Smith:</b>	I see. And do you have any other powers?
<b>Harry:</b>	Not yet.
